

WORLD OF RADIO #1158, produced Nov. 26, 2002 by Glenn Hauser

- *Standard disclaimer
- *Our WWC frequency Thursdays at 2130 changes next week from 15825 to 9475, thru Feb
- *WOR repeat on WBCQ moved half an hour later to 0545 UT Monday on 7415
- *V. of Free Lebanon as monitored on 11515 at 1600-1700 since Nov 22; TDP client; station believes disinformation that it is 250 kW transmitter in Belgium; see <http://www.rpliban.org/rpl/index.htm> [not as given, nor as in DXLD 2-184: our source omitted the .org] Replies from radio@tayyar.org Frequency was 11515.4, then 11515.0, so two different sites tested?
- *Lebanon's own new 837 MW transmitter heard in Finland; megawatt?
- *Israel announce shift to 6280 already for English at 2000 (and 0500?) instead of December 15 [unconfirmed]
- *V. of Iran, clandestine, on 11575, ex-17510; seems still via France
- *US about to start new service in Persian for Iran, Radio Farda, in mid-December, replacing RFE/RL's Radio Azadi, which ends Dec. 2; name means Tomorrow; to add MW transmitters in nearby countries
- *Steve Anderson of United Patriot Radio apprehended in Cherokee county, Nov. 22 after 13 months as fugitive; those he threatened, including newspaper editor and her daughter, relieved; see DXLDs 2-183, 2-184
- *WMLK 250 kW transmitter delays due to need to make or order parts
- *Wales Radio International, [Friday] 2130 on 7325, winter timing but summer frequency; and UT Sat 0300 on 9735, clear in absence of Paraguay
- *Another strike Nov. 26 at R. France Internationale
- *Nuestro Sello, serious music from the RTVE label in Spain, is M-F at 1010 on 11815, 21570; 1605 on 15125, 21570, 21700; 0105 on 9620, 11815, 11945, 15160
- *R. Austria International's English times include: 1630 on 17865 via Sackville; direct to NAM at 0230 on 7325; also weekends only at 0000 on 9870, 13730; weekly English, My Music, Sun 0905 on 6155, 13730; 2305 on 5945, 6155; Sun 1705 on 1476
- *R. Afrika International, Wien, contradictory schedule via Austria
- *R. Bulgaria's DX program in English, nominal times: Fri 2235, Sat 0035, 0335, Sun 0748, 1248
- *Bulgaria starts internet TV Nov. 27: <http://www.bgweb.tv> [QuickTime]
- *via kHz, MHz, GHz and n/a, World of Radio 1158, woradio at yahoo.com --please use that instead of our other yahoo, hotmail addresses. Or P O Box 1684, Enid OK 73702 USA; <http://worldofradio.com>
- *Thanks this week for financial support go to Bill Flynn in Oregon, and we hope his recovery is going well
- *Let us be thankful for human ingenuity and endeavour which have led to so much progress
- *Weekly English from Pridnestrovye/Moldova is an hour earlier than thought last week, Wed 1700 on 5960

- *Novosibirsk and other Russian transmitters subject to harmonics
- *Tashkent's new 7185 in English to Europe at 2030 and 2130 is relay via Moscow
- *World Falun Dafa Radio clandestine to Europe, China, sends multi-colored QSL card, from P O Box 93436, City of Industry, CA 91715. 2100-2200 on 5925 and 2200-2300 on 9945
- *Yet another JSWC 50th anniversary special on DX Partyline Nov. 30
- *V. of Indonesia again heard on 15150 after two months, English 2000
- *New Zealand approves unclassified USAF HF communications station, for better coverage of South Pacific and Antarctic flights, project called 'Rightsizing Initiative', within next year
- *R. Hargeysa, Somaliland, 7530-RCUSB, running an hour later until 1959* for Ramadan, barely heard in Maine
- *R. Isanganiro, Burundi, on FM only, not shortwave as speculated
- *R. Nacional, Equatorial Guinea, getting new FM and SW transmitters installed by Chinese techs
- *V. of Nigeria mailbag show Sat 0645, Sun 1145, Mon 2215, Wed ????
- *Johan Berglund, Sweden, visited Canary Islands including church with 6715-USB station and antenna on roof, just an aluminum pipe
- *R. America, Paraguay, 7737.1, tentatively heard on Maine DXpedition around 0100
- *Carrier with little audio on 15056.5, or 15058.67, believed to be 3rd harmonic of Ecos del Atrato, Colombia; try parallel on 5019v
- *Costa Rica's 530 kHz station no longer R. Rumbo but R. Sinfonola, simulcasting FM 90.3
- *R. Litoral, Honduras, 4832, varied down to 4830.1 around 1200, 0502*
- *Mexico City's 660 station was IMER's La Candela; now privatised as Comunicacion 660
- *6078.7, 6311.2 from BBC at 1030 are symmetrical spurs from BBC Antigua 6195
- *MW third harmonics from Canada, CFTR on 2040; CFAN on 2370
- *KHPY, Moreno Valley, CA, is new X-bander testing on 1670
- *Caribbean FM DX trans-equatorially to southern Brazil, including British Virgin Islands, Puerto Rico, St. Lucia, Barbados
- *New optimum frequency table at Tomas Hood's propagation site: http://hfradio.org/latest_chart.html
- *Propagation outlook from Boulder, Nov 26; flux range 145-195-140
- *Glenn Hauser, concluding World of Radio 1158 ###
